Other News: -

- ❖ **INFANT SCHOOL CROSSING PATROL** – Please note that there will be no School Crossing Patrol at Infants on Monday 16th and Tuesday 17th September.
- ❖ **WALKING HOME** – If your child is in Year 5 or Year 6 and you would like them to walk home from school, please send an email to info@allsaintsfed.derbyshire.sch.uk giving your permission in writing, together with your child's name and class.
- ❖ **PRELOVED UNIFORM** – We have lots of preloved uniform in our reception areas at both the Infant and Junior schools. Please pop in and take a look if there is anything you are in need of!
- ❖ **PE KIT**– Can parents of EYFS to Year 4 please make sure your child's PE kit is in school from the start of every term. Year 5 & 6 children are now aware of what days they should attend school in their PE kits. Thank you.
- ❖ **PACKED LUNCHES** - Please remember that we are a **NUT FREE** school and so please be mindful of this when sending your child to school with snacks and lunches. Please check the content of chocolate/snack bars and spreads.

Can children please be **provided with a drink in their lunchbox** (as well as the drinks bottle that they have in the classroom). This ensures that everyone having a packed lunch can have a drink at lunchtime as we are running out of cups to give the children water in - thank you!

The Mid Day Supervisor Team

- ❖ **Year 6 Residential Trip 2025 to Walesby** – The deposit of £50 for this residential trip was due by **26th July 2024**. If you haven't done so already, could we ask that you please make this payment. **The next instalment for this trip is due to be paid by 27th September.**
- ❖ **MUSIC LESSONS – JUNIORS** – The music teachers are working their way through the lists of interested children and will be in contact with parents shortly. If you have any queries, please contact our Music Lead Mrs Nettleship by email at info@allsaintsfed.derbyshire.sch.uk.

What Parents & Educators Need to Know about QR CODE SCAMS

WHAT ARE THE RISKS?

QR code scams (also known as 'quishing'), involve the malicious use of Quick Response (QR) codes to deceive people into revealing personal information or downloading harmful software. These scams exploit QR codes' convenience and widespread use – for example, in adverts, restaurant menus and public notices, with criminals installing fake QR codes which direct users to bogus sites.

PAYMENT SYSTEMS

Cybercriminals may seek to change a QR code that's related to a legitimate payment service, such as in a restaurant. If a customer scans the QR code expecting to order and pay for goods or services (such as a meal in this case), they may be directed to a site controlled by the scammers. Entering their payment details would then allow the criminals to defraud them.

DISCOUNTED GOODS

A poster promises goods or services at a discounted cost, requiring people to scan a QR code to register and pay. The poster, however, is malicious, and there is no discount. Again, providing your payment details would allow the criminal to access your funds. This scam is reasonably common and is often found in car parks in major cities.

PRIZE DRAWS

A QR code is provided for a prize draw, advertised on a poster which is likely on display in a public space. Scanning the QR code will result in being asked to provide further information (such as your email address, name, address or phone number), which is then used by criminals for further social engineering attacks or even identity fraud.

WIFI CONNECTION

Scanning a QR code may be the means of connecting to the Wi-Fi network in a hotel or other public area. This is usually legitimate, but if the QR code is a fake, it could result in criminals viewing your browsing history and even your login details. These can subsequently be used for phishing attacks and identity fraud – and even financial fraud, if they're able to access your banking credentials.

FAKE EVENTS AND TICKETS

A poster highlights news regarding an upcoming event, or regarding an additional allocation of tickets for a sold-out concert or other performance. It directs the user to scan a QR code for more information, to register or possibly to pay. The QR code then leads to a fake site hosted by scammers, aiming to gather data on the user for future attacks or to exploit or defraud them immediately.

Advice for Parents & Educators

BE VIGILANT

QR codes are becoming more prevalent, and cyber criminals are increasingly seeking to use them to steal information and commit fraud. As such, it is important to remain aware of the risks. Always consider these safety concerns before scanning a QR code and avoid doing so unless you're certain it's legitimate. Be sure to keep your device's operating system updated as well, to keep you protected from known safety risks.

CHECK FOR SIGNS OF TAMPERING

Where QR codes are printed or displayed, check for any sign of tampering: as a sticker with a new QR code being placed over the top of the previous code, for instance, where there are signs of tampering, you should consult a member of staff (if you're in a hotel or restaurant, for example) or simply avoid scanning the code altogether.

CHECK THE URL

Most phones now show the web address or URL which a QR code connects to, and they typically require users to accept being taken to this address before progressing. Check that the web address matches that of the site or service you're expecting to access via the QR code you've scanned. If it seems dubious in any way, don't click on it.

USE TRUSTWORTHY SOURCES

Consider the source of the QR code and its trustworthiness. A QR code for payment in a restaurant, for example, is likely to be legitimate if you can see it printed on every menu; a random poster pinned up in the street or in a building's corridor is more likely to be fraudulent. If you're unsure, err on the side of caution and don't scan the code.

USE THE DEFAULT QR CODE SCANNER

Most mobile devices come with the ability to scan QR codes built into the camera app. Where possible, you should seek to use this default functionality and avoid the use of third-party QR scanning apps which may have themselves been tampered with or compromised. Stick to reputable methods.

Meet Our Expert

Gary Henderson is the Director of IT at Millfield, a large independent boarding school in Somerset, as well as a member of the Digital Futures Group, Vice Chair of the ISC Digital Advisory Group and an Association of Network Managers in Education (ANME) Ambassador.

It's your child's future:

APPLY NOW!

- Was your child born between 1 September 2013 and 31 August 2014?
- If so you **MUST** apply by midnight on 31 October to get them a place at secondary school.
- Apply online at www.derbyshire.gov.uk/admissions

Don't let your child miss out.

Highfields School
BE THE BEST YOU CAN
