Wednesday 17 th December	EYFS Nativity Performance	

Other News / Information

- ❖ As part of our ongoing commitment to keeping all children safe, we kindly ask for your continued support with safe and considerate parking around the school.

Please remember:

Do not park on yellow zig-zag lines or block driveways – these areas are designed to keep visibility clear and children safe.

Avoid stopping in the middle of the road to drop off or pick up children – this creates unnecessary hazards.

Be mindful of pedestrians, especially during busy drop-off and pick-up times.

Drive slowly and carefully near the school – children can be unpredictable, and extra caution helps prevent accidents.

We understand mornings can be rushed, but a few extra minutes can make a big difference in keeping our school community safe.

Thank you for your cooperation and for helping us make the area around school safer for everyone. Our PCSO Keanu Copeland is regularly around school at drop-off and pick-up times if you have any further questions.

- ❖ If you require a change to your child's school dinner meal pattern please email info@allsaintsfed.derbyshire.sch.uk, and allow at least a week for this to be implemented.
- ❖ Please note that you may have received forms to complete in readiness for this new school. **Could we ask that these forms are please completed as soon as possible** so that our records are accurate and up to date.
- ❖ Medication for classroom grab bags for your child is to be handed to teachers at the Junior School and to the school office at the Infant School. Any queries please do speak to our office team. If you haven't received a form and your child requires regular medication in school, please do contact the school office. Thank you.
- ❖ Please could we politely remind all parents and carers to take care when accessing our school site. We try our best to maintain walkways and the driveway, however, there are a number of uneven areas caused by tree roots and weather damage. Please be particularly careful during icy / wet weather. If you feel you are unable to access our school site then please do not hesitate to contact the school office, who will be happy to arrange assistance.
- ❖ **Please note that Dogs are not allowed on the school grounds**, unless they're assistance dogs, or part of a planned educational activity. Please leave them tied up outside of the school gates. This is to help keep all our children safe and comfortable, especially those with allergies. Thanks so much for your understanding and support.
- ❖ A gentle reminder that we are a **nut-free school**. This means **no nuts or nut products** (including peanut butter, Nutella, cereal bars with nuts, etc.) should be brought into school. We have children with **severe nut allergies**, and even a small trace can cause a serious reaction. Your support helps us keep everyone safe and healthy.

What Parents & Educators Need to Know about CONSPIRACY THEORIES

Conspiracy theories are false or misleading beliefs that explain events as secret plots, often involving powerful groups. While once fringe, they are now more accessible through digital media, online influencers and because of algorithmic recommendations. The DfE guidance document, 'Keeping Children Safe in Education' (KCSIE) explicitly recognises conspiracy theories as potential content risks. This guide will help parents and educators understand the risks, spot the signs, and build children's resilience to conspiracy theories.

WHAT ARE THE RISKS?

UNDERMINING TRUST

Conspiracy theories can lead children and young people to distrust democratic institutions and British Values, teachers, and even their own families and loved ones. This erosion of trust makes young people more vulnerable to extremist narratives by isolating them from reliable sources of information.

ONLINE ALGORITHM TRAPS

Social media platforms can often recommend sensationalist content. Once a child engages with one conspiracy-themed video or post, algorithms push more of the same, thereby creating an echo chamber that can intensify their beliefs.

MENTAL HEALTH IMPACT

Exposure to frightening conspiracy content, such as global plots, viruses, or government control, can fuel feelings of anxiety, paranoia, or hopelessness. For some young people, it can trigger prolonged distress or obsessive thinking.

GATEWAY TO EXTREMISM

Conspiracy theories can often overlap with extremist ideologies. Narratives that blame specific groups, such as politicians, scientists, or particular ethnic groups, can groom children in ways that foster hate, bigotry, and radicalisation.

CONFLICT WITH PEERS

Belief in conspiracy theories can lead to isolation or conflict at school. Children may struggle with peer relationships if they express these beliefs or become distrustful of others who disagree; sometimes, confrontation can even result in a strengthening of the belief in the conspiracy theory.

ERODED CRITICAL THINKING

Young people influenced by conspiracies may reject evidence-based learning. This risks undermining their academic progress and weakening their ability to think critically, assess risks, or engage in healthy debate.

Advice for Parents & Educators

I WANT TO BELIEVE

CREATE SAFE CONVERSATIONS

Don't mock or dismiss any questions that children and young people ask about conspiracy theories. Instead, create open, judgement-free spaces to talk. This strengthens trust and makes it more likely they will confide in you.

PROMOTE CRITICAL THINKING

Teach young people how to assess information critically. Encourage them to ask appropriate questions, such as: Who is telling me this? What evidence is there? What do other trusted sources say? Use real examples from current media to explain your answers and reasoning.

MONITOR DIGITAL BEHAVIOUR

Be aware of the content children are accessing, especially on platforms such as TikTok, YouTube, or Reddit. Use parental controls, but more importantly, maintain ongoing dialogue about online experiences and influencers.

REINFORCE RELIABLE SOURCES

Point children toward trustworthy and reliable sources of news and information in a variety of formats tailored to the young person's age. Build habits of verifying facts using reliable sources, and teach them how to spot misleading content.

Meet Our Expert

Brandon O'Keefe is a headteacher and digital education consultant with over a decade of experience in education. As Director of Digital Strategy across multiple schools and an advisor to The National College, he specialises in digital safety, PREVENT, and pastoral care.
