❖ Meet the Teacher:

As always, there will be an opportunity for you to come into school during the week of Monday 8th September 2025 during our 'Meet the Teacher' sessions. This is chance to visit your child's classroom, see where they sit and meet your child's teacher.

During the session your child's teacher will be around to talk to you about the school year ahead and share some slides about what it's like to be in their class. Both schools will be open to allow an earlier and a later visit on both evenings.

Monday 8th September Infants: 3.30pm – 4.30pm

Monday 8th September Juniors: 4.30pm - 5.30pm

Tuesday 9th September Juniors: 3.30pm - 4.30pm

Tuesday 9th September Infants: 4.30pm - 5.30pm

❖ **Volunteers – Can You Help?**

We are delighted to share that this year we've had a fantastic group of volunteers supporting both of our schools. Their help, support, and expertise have made a real difference to our children and staff, and we are incredibly grateful.

We sincerely hope that all our current volunteers will continue with us into the next school year. If you're interested in joining our amazing team of volunteers, we'd love to hear from you! Please email the school office at info@allsaintsfed.derbyshire.sch.uk.

To help you get started, we're offering an **introduction and training session** for new volunteers on:

Tuesday 23rd September

🕒 9:30am at All Saints' Junior School

If you're unable to attend in person, you can join us online via Teams at **5:30pm** the same day. A link for the online session will be sent out closer to the time.

If you have any questions at all, please don't hesitate to get in touch. We look forward to welcoming you!

- ❖ **Save the Date** – On Tuesday 16th September 2025, Silver Birch Class will be hosting a pop-up All Saints' Afternoon Tea at All Saints' Junior School as part of our 150th Anniversary celebrations. Doors will open at 2.15pm. Tickets are £5 and will be available from the school office during the week commencing Monday 8th September.

- ❖ **Let's Go Back in Time Menu Day – Wednesday 17th September**

Please see the poster below for details of our next themed menu day. Please let the office know by **Monday 8th September** if your child wishes to have this lunch instead of sandwiches at info@allsaintsfed.derbyshire.sch.uk. Thank you.

Please do not hesitate to contact us on 01629 58293 or by email info@allsaintsfed.derbyshire.sch.uk with

any questions or queries.

10 Top Tips for Parents and Educators

STAYING SAFE AROUND WATER

Enjoying time in, on, and around water plays a vital role in a young person's overall development, offering a healthy and exhilarating way to have fun. This guide outlines essential safety advice, based on the Royal Life Saving Society UK's Water Safety Code, to help ensure children can enjoy swimming and similar activities safely and responsibly.

1 STICK TO LIFEGUARDED AREAS

It's never advisable to enter unsupervised bodies of water, especially alone. Instead, it's considered best practice to accompany children to places with lifeguards, as they will be trained to respond swiftly in emergencies and provide first aid when needed.

2 LEARN SIGNS AND FLAGS

When going to a new environment, it's important to research the local area and make children aware of safety signage before entering the water. If visiting the seaside, make sure children are always supervised by an adult and that they know what different beach flags mean, so they're knowledgeable of where and when they can enter the sea.

3 STOP AND THINK

Young people should be cautious before entering water, as it's difficult to know what hazards could be underneath. Use the Water Safety Code and encourage children to ask themselves questions such as, "Is the water too deep or too shallow? Are there currents, tides, or underwater objects?" Make sure children know never to enter water from a height, as what lurks below could cause serious injuries.

4 CONSIDER WATER TEMPERATURE

Even on hot days, water can be deceptively cold. Tragedies strike when young people experience cold water shock. Never let children enter water quickly; instead, ensure that they enter slowly and carefully to allow their bodies to adjust to the temperature or exit easily if needed.

5 INFLATABLE SAFETY

Although inflatables may seem like a fun idea when visiting locations like the beach, they can float further out from shore and into more dangerous water. It's advisable only to use inflatables in spaces like appropriately managed swimming pools, where they're used in more controlled and supervised environments.

6 SUPERVISION IS KEY

For young children, and particularly those under the age of five, it's important for them to be supervised at home, outside and at the pool at all times. It's essential for parents and educators to understand that young children can drown quickly and silently; therefore, anyone supervising them must maintain constant watch in case they get into difficulty.

7 DON'T GO TOO FAR

When swimming, especially in open water, it's best to teach children to stay within a safe depth. Share advice with them such as only entering water up to a standing depth, and in the case of visiting the beach, swim parallel to shorelines. This will allow a child to stay in control and get out of the water easily.

8 KEEP POOLS AND TUBS DRAINED

For parents of young children, a simple way to protect them at home is to keep outdoor spaces and bathrooms tidy after playtime. This includes removing water from paddling pools after use and turning them over, returning lids to hot tubs and taking toys out of baths, so all water can be fully drained from the tub.

9 FLOAT AND CALL 999

If a child gets into difficulty in the water, they should try to float on their back, stay calm, and call for help. If a young person sees someone else in trouble, they should dial 999 or 112 immediately, then shout to reassure their friend, encouraging them to float on their back, and letting them know that help is on the way. Children should never enter the water to attempt a rescue or retrieve belongings.

10 TEACH WATER SAFETY

Beyond swimming lessons, children should be educated in school on water safety. Use RLSS UK's accredited programme, 'Water Smart Schools', which offers free lesson plans and resources on how to be safe on, near and around water by following the Water Safety Code.

Meet Our Expert

The Royal Life Saving Society UK (RLSS UK) is a national water safety charity that gives children the chance to enjoy a lifetime of fun in the water, safely. Water safety education provided in schools is vital and, in some instances, could be a child's only opportunity to learn about the water.
