Other News: -

❖ Water Bottles

All children should please be provided with a water bottle to use in their classroom during the school day please, especially now as we enter the warmer weather.

If your child has a packed lunch, can you also please make sure a drink/water bottle is included.

❖ PTFA Summer Fayre - Get ready for a fun-filled day at our Summer Fayre on Friday 27th June!

There will be plenty of exciting stalls and activities, with items priced between **30p and £1**. To help things run smoothly, please try to bring **coins and small change**, as we have limited change available on the day.

On the day it is **Non-Uniform Day**. To help support the event, pupils are invited to come to school in their **own clothes** on the day for a **£1 donation**. All proceeds will go towards making the fayre a fantastic experience for everyone!

Don't forget to check out the attached poster for more details 😊

❖ PTFA Tea Towels – As you will now be aware, the children have recently drawn a picture of themselves in school for a class tea towel and other merchandise. Please see the poster below with instructions on how you can now purchase this. **Please note that the ‘Early Bird’ discount is available for 2 weeks only!**

❖ Derbyshire County Council Household Support Fund - As part of the Government's Household Support Fund Scheme, Derbyshire County Council is distributing funding to households struggling to pay for food, energy, and essential living costs. As part of the scheme, the Council will again be distributing grocery vouchers. Information about who is eligible for the vouchers is available on the website and distribution will start in late June 2025. We will update the website when all vouchers have been distributed and provide details of what parents and carers should do if they have not received their voucher. Full details about the scheme and the support available for those experiencing financial hardship is available on our website at www.derbyshire.gov.uk/householdsupportfund

❖ Free School Meals

If you think that your child is eligible for free school meals, please apply as soon as possible so you do not miss out on the protection that you may be able to secure, we recommended parents apply [using the digital portal](#).

What Parents & Educators Need to Know about YOUTUBE KIDS

WHAT ARE THE RISKS?

As its name suggests, YouTube Kids is a child-friendly version of Google's online video-sharing platform. Its colourful user interface is designed with young people in mind, and it offers a curated, family-friendly experience with features like age-based content settings and parental controls.

INAPPROPRIATE CONTENT BYPASSING FILTERS

YouTube Kids is less likely to show inappropriate material than YouTube, but there have been reports of the app showing age-inappropriate content to young viewers. One investigation found that YouTube Kids had shown videos that promote skin bleaching, weight loss, drug culture and firearms to children as young as two, as inappropriate content had bypassed the platform's algorithms and human moderators.

BE WARY OF ADVERTISING

Like Google's regular YouTube app, YouTube Kids features pervasive advertising before a video plays. While these adverts are designed to be family friendly and are subject to a strict review process, it's worth noting that YouTube Kids collects information around children's viewing to inform targeted content and advertisements.

DESIGNED TO BE ADDICTIVE

YouTube Kids is designed to be addictive. The platform's design features, such as the constant stream of new videos and the reward system of points or virtual stickers, can be very engaging and make it difficult for children to switch off. Research has shown that spending too much time using digital services such as YouTube can lead to screen addiction, affecting children's daily routines, studies, and even their social lives.

SETTINGS CAN BE CIRCUMVENTED

YouTube Kids offers built-in parental controls, enabling you to set screen time limits and curate the content children are able to view; however, children are often more tech-savvy than we think. They can easily bypass or tweak these settings if they have access to the associated Google account password, thereby exposing themselves to age-inappropriate and potentially dangerous content.

AI-GENERATED MISINFORMATION

There is also a risk of children accessing videos that contain disinformation and misinformation. A BBC investigation found that some YouTube channels are using artificial intelligence (AI) technology to create misleading 'scientific' videos that are recommended to children as educational content. These videos included conspiracy theories and ideas that lack scientific backing.

DATA COLLECTION RISK

While there are limits on the data that YouTube can collect on children under 13, children can still inadvertently give away sensitive information when using YouTube Kids. The platform collects data on children's viewing habits, content searches and location, which YouTube and third-party advertisers can use.

Advice for Parents & Educators

PARENTAL CONTROLS

YouTube Kids offers several settings that allow you to manage what content children can view. For example, you can choose what level of content you want them to access, such as 'Preschool' or 'Younger'. You can also turn off the search function, so that only those videos approved by the YouTube Kids team themselves will appear on a child's recommendations list.

SET TIME LIMITS

The built-in parental controls let you keep a tab on how long children spend watching videos. You can set a timer that limits screen time and disables the YouTube Kids app once a specified length of time has been reached. It's also worth speaking to children about the dangers of spending too much time on YouTube, to ensure they remain focused on other, more important activities.

CHECK WATCH HISTORY

YouTube Kids has made it easy for you to keep an eye on what the children in your care have been watching on the app. By clicking on the 'Recommended' icon at the top right of the home screen, you can see which videos they've been viewing, and how much of each. If a child watches YouTube Kids while signed into a Google account, you can check their history through Google's 'My Activity' page.

WATCH TOGETHER

It's important that you try to make YouTube Kids a fun and positive experience for children. One way to do this is by introducing watching sessions, where you all gather around and share the most enjoyable videos that you have recently watched. This can be a great way of giving you both new things to talk about and of keeping an eye on what they're watching.

Meet Our Expert
